Everybody Fix Up.

While hundreds of houses in Henry county have been painted this season, there are still hundreds that need painting and papering, and some that need it badly. The hundreds of houses in Henry county that have been painted and papered this season look the better for it, and it is the duty of every property owner to protect and preserve his home by timely application of good paint and paper.

You want to see Saur & Balsey, at their old stand in Napoleon, before you close a bargain for your paints, oil and paper elsewhere. They will give you the best quality of goods at figures that will pay you for doing so, and you will be astonished at the extremely little money it will take to brighten up your homes and at the same time add to your comfort.

See their immense stock of wall paper, and you will find that they have the most beautiful patterns you ever saw. You will certainly be hard to please if you can't find what you want on their shelves. The patterns are all new and stylish and are admired by all who see them. Come in and see what nice goods, and what a large quantity of them you can get for a little money.

Our department is full of wall paper, window shades, paints, oils, varnishes and brushes, and all are sold as cheaply as they can be, so that one can live and let live.

And while you are thinking of brightening up your premises, don't neglect to look after your health, and keep that also in good repair by using timely remedies, all of which can be found at the mammoth drug house of Saur & Balsey. The Big Fair On!

OVER THREE THOUSAND ENTRIES.

Which Guarantees the Fair a Success if the Weather Remains Clear.

As we go to press Wednesday afternoon the Napoleon Fair is in full blast, with prospects of being the most prosperous exhibition in the history of the association.

The weather is not what could be desired, but if it proves to be propitious the balance of the week, thousands of people within a radius of twenty miles will flock to Napoleon to see the big fair.

The entries number over three thousand; and many of the departments are crowded for space. Notably so the live stock department, and the space allotted to poultry. Never before has a Napoleon fair had such a display of poultry. It is not only large, but in variety and beauty is hard to be excelled.

Floral Hall is well filled with the handwork of women, more beautiful and varied than ever before. The art department is up to the standard, as are also the displays made by some of our prominent business men in this building.

Fruit and vegetable hall shows what the soil of Henry county will produce, the display ranking the county among the best agricultural localities in the state.

The machinery, implement and vehicle display is above that seen at county fairs, and is being visited by thousands of interested farmers, for the convenience of whom most of it has been constructed.

The W. R. C. are getting up good meals on the ground, and the women are being well patronized, as are all the eating and lunch stands on the grounds.

The races and daring balloon feats of Prof. Little are receiving considerable attention. These will be on the program every day.

The water works are supplying the grounds with water for both man and beast, and the supply is sufficient to insure a convenience appreciated by everybody.

Obtained a Gold Watch Free. Mrs. Anna Springhorn of this city was agreeably surprised a few days ago, by receiving a handsomely engraved lady's gold watch, by buying a package of Sunlight yeast, at the popular and well known grocery of Spengler Bros. Co. Sunlight is fast becoming the foremost yeast and Mrs. Springhorn says it is the quickest and most reliable she ever used, and cheerfully recommends it. It will be well for all housekeepers to bear in mind that buyers of this celebrated yeast, get similar gold watches from this company. Full information of which can be had at all groceries.

Puetz, was a private one, only a few of the immediate friends and relatives of the bride and groom being present. The young couple left for a short wedding tour after which they will return to Napoleon and make this city their future home. Mr. Sheridan being in the employ of A. J. Vandenberg.

Root crops and gardens are looking better. Cider making has begun. Fall plowing is well advanced and in many counties nearly completed: ground is generally in good condition. Pastures are much improved, but in many the grass is still short. Buckwheat is filling well. Some fields of seed clover are filling well, while others are reported as in poor condition. Sweet corn and tomatoes, raised for canning, are in good condition.

Use it in Time.

Catarrh starts in the nasal passages, affecting eyes, ears and throat, and is in fact, the great enemy of the mucous membrane. Neglected colds in the head almost invariably precede catarrh, causing an excessive flow of mucus, and if the mucous discharge becomes interrupted the disagreeable results of catarrh will follow, such as bad breath, severe pain across forehead and about the eyes, a roaring and buzzing sound in the ears and oftentimes a very offensive discharge. Ely's Cream Balm is the acknowledged cure for these troubles.

The katydid is singing, frost in six weeks, get your fall clothes of Henry Meyer.

Reader, did you ever take SIMMONS' LIVER REGULATOR, the "KING OF LIVER MEDICINES?" Everybody needs take a liver remedy. It is a sluggish or diseased liver that impairs digestion and causes constipation, when the waste that should be carried off remains in the body and poisons the whole system. That dull, heavy feeling is due to a torpid liver. Biliousness, headache, malaria and indigestion are all liver diseases. Keep the liver active by an occasional dose of Simmons' Liver Regulator and you'll get rid of these troubles, and give tone to the whole system. For a laxative Simmons' Liver Regulator is BETTER THAN PILLS. It does not grip, nor weaken, but greatly refreshes and strengthens.

NEW R. R.—THE LIMA NORTH-ERN.

AN IMPORTANT NORTH AND SOUTH LINE.

The Lima Northern Railroad is a line which is being built from Lima to Adrian, Mich. The line connects with Lima Southern, which taps the great Jackson coal fields.

The road is now under contract from Lima to Ottawa and is to be finished to the crossing of the B. & O. by Dec. 1st. From Ottawa the line will extend to Glandorf, Holgate, Napoleon, Wauseon, Lyons, and on to Adrian, Mich., providing the necessary aid and right of way is furnished the Co. If this is not done, the line will pass to the East of us.

The Hon. J. B. Townsend, of Lima, has been in Napoleon for a few days during the past week, and he has given our citizens to understand that Napoleon will get the new road if the proper aid will be furnished, that is a subscription of \$25,000 and right of way through Henry county. An obligation has been given by the citizens of Napoleon that this will be done and it now devolves upon the residents of Napoleon and vicinity to raise the amount, which can be done if all put their shoulders to the wheel and give what aid they can to the enterprise.

Napoleon has been given but a short period of time in which to raise the amount, and it now behooves our citizens to act at once in putting up the money and right of way.

Citizens cannot afford to see this important railroad line go to the East of us. We must secure it, for our future prosperity depends upon it. In getting this for Napoleon it will be the nucleus around which other improvements will center in our little city.

Citizens should subscribe liberally, and no one should refuse to help along the good work.

21 NORDEN & BRUNS.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Describes the condition of thousands of people at this season. They have no appetite, cannot sleep, and complain of the prostrating effect of warmer weather. This condition may be remedied by Hood's Sarsaparilla, which creates an appetite and tones up all the organs. It gives good health by making the blood pure.

Her maiden name was Kate Stotler, and she came to Henry county about fifteen years ago. She leaves a husband, one step-son and two sisters to mourn their great loss. The funeral took place on Monday afternoon from the Lutheran church in Malinta, interment in the Shunk cemetery.

Where are the Heirs of Wm. Edwards?

OWENSBORO, KY., Aug. 31, '95. L. L. ORWIG, Napoleon, O. Dear Sir:—If you can give me any information concerning the present address of any of the heirs of Wm. Edwards, brother of Miles S. Edwards and grand-nephew of Robt. Edwards, it will be greatly appreciated. Recent developments in a long contested case in New York city have made it very important to locate the living heirs at once. Wm. Edwards is supposed to have settled somewhere in Ohio about 1835 or 1840. Thanking you in advance for your kind assistance, I am, Yours very truly, A. D. POWERS.

Sunday School Convention.

All persons interested in Sunday School work are hereby reminded that the 7th annual convention of the Henry County Sunday School Association will be held at Napoleon on Monday and Tuesday, Sept. 9th and 10th. The first day session will be held in the M. E. Church, the evening session in the Presbyterian Church, and the second day's meeting in the Evangelical Church.

An excellent program has been arranged and a rousing good time is anticipated. The Ohio State Secretary, Marion Lawrence, of Toledo, will deliver an address on Monday evening and give valuable assistance on Tuesday.

Prof. A. L. Stough of Toledo, who did such valuable service last year, has been secured as musical director for the occasion, and all these good things are to be had without money and without price. Normal and Primary work will receive their full share of attention.

The following names appear upon the program in addition to those already mentioned: Rev. M. L. Donahy, Rev. J. Williams, Rev. L. S. Woodruff, Mrs. M. G. Townsend, Mrs. D. F. Coe, Mrs. H. C. Tubbs, Miss Martha Leist, Miss Lulu Coover, Sol. Zarbaugh and S. A. Philpot. These alone give evidence that a feast of fat things may be expected. Sunday School workers, let us whisper in your ears a few things that will make the coming convention a most glorious success:

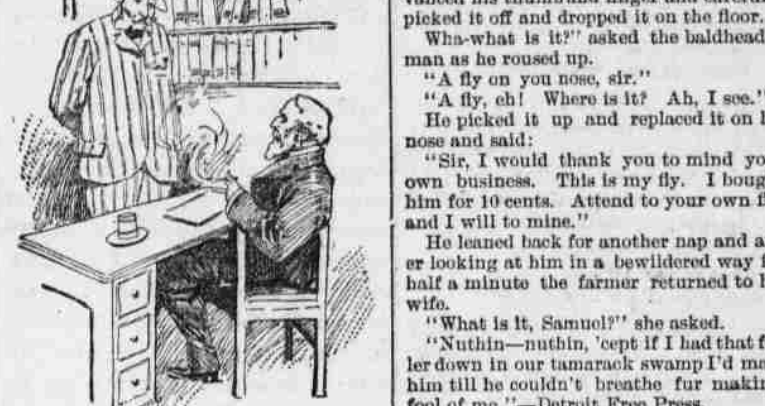

1.—Be present at the opening session. 2.—Come to stay through. 3.—Register as soon as you come. 4.—In the short time that remains don't forget to boom the convention. 5. Let every Superintendent see that five delegates are selected from his school who will make it their business to attend. The hearts and homes of the citizens of Napoleon stand wide open for the occasion.

Come one, come all and bring your note books. For further particulars see program.
